

WE'RE HIRING!

Production Clerk

Lovepac is an established, dynamic and fast-growing company. We produce custom boxes, protective foam, corrugated inserts, pallets, and ESD bags, custom pallets and crates, and thermal packaging.

Lovepac's success is based on our collective commitment to our core values: continuous improvement, a positive and collaborative attitude, respect, excellence and sustainable development.

As a production clerk, your main responsibilities will be:

- Carry out manufacturing using tools, machines, and production drawings;
- Adjust machines according to production and safety standards;
- Perform quality control according to internal and customer requirements;
- Ensure at all times that his workspace is safe, efficient and clean;
- Ensure the compliance with directives relating to health and safety as well as organizational policies and report any non-compliance or risk;
- Carry out any other related task.

Requirements

- Experience in a manufacturing environment;
- Thoroughness, precision and attention to detail;
- Sense of responsibility, ability to work in a team and under pressure.

Benefits

- Permanent position (Full time);
- A stimulating and relaxed work environment;
- A passionate and dynamic team;
- A comprehensive benefits program;
- An Employee Assistance Program (EAP);
- A group RSP;
- Uniform provided;
- Gym on site;
- Bonus for employee references.

Employment equity, this employer is committed to the principle of employment equity and applies an equal employment opportunity program for women, Aboriginal people, visible minorities, ethnic minorities, and people with disabilities.
